Aminostar 24 is an organic fertilizer from vegetal origin with functions of nutritional balance and biological activator.

It improves the yield and the quality of the crops, increases the fruit size and contributes to advance the fruit maturation. It also improves flowering and setting. It has anti-stress effect in adverse weather conditions and invigorating and stimulating effect in key periods.

Aminostar 24 has a complete and balanced aminogram with main essential and non-essential amino acids, where the most important agronomically predominate.

It improves the assimilation of micronutrients, provides a synergistic effect, and enhances the effectiveness of other treatments.

Crops:

It is recommended for all types of crops.
